100

I am the richest
crab on the beach!

I'm what you might call
a *self-made* millionaire
thanks to these
here Crab Bucks.

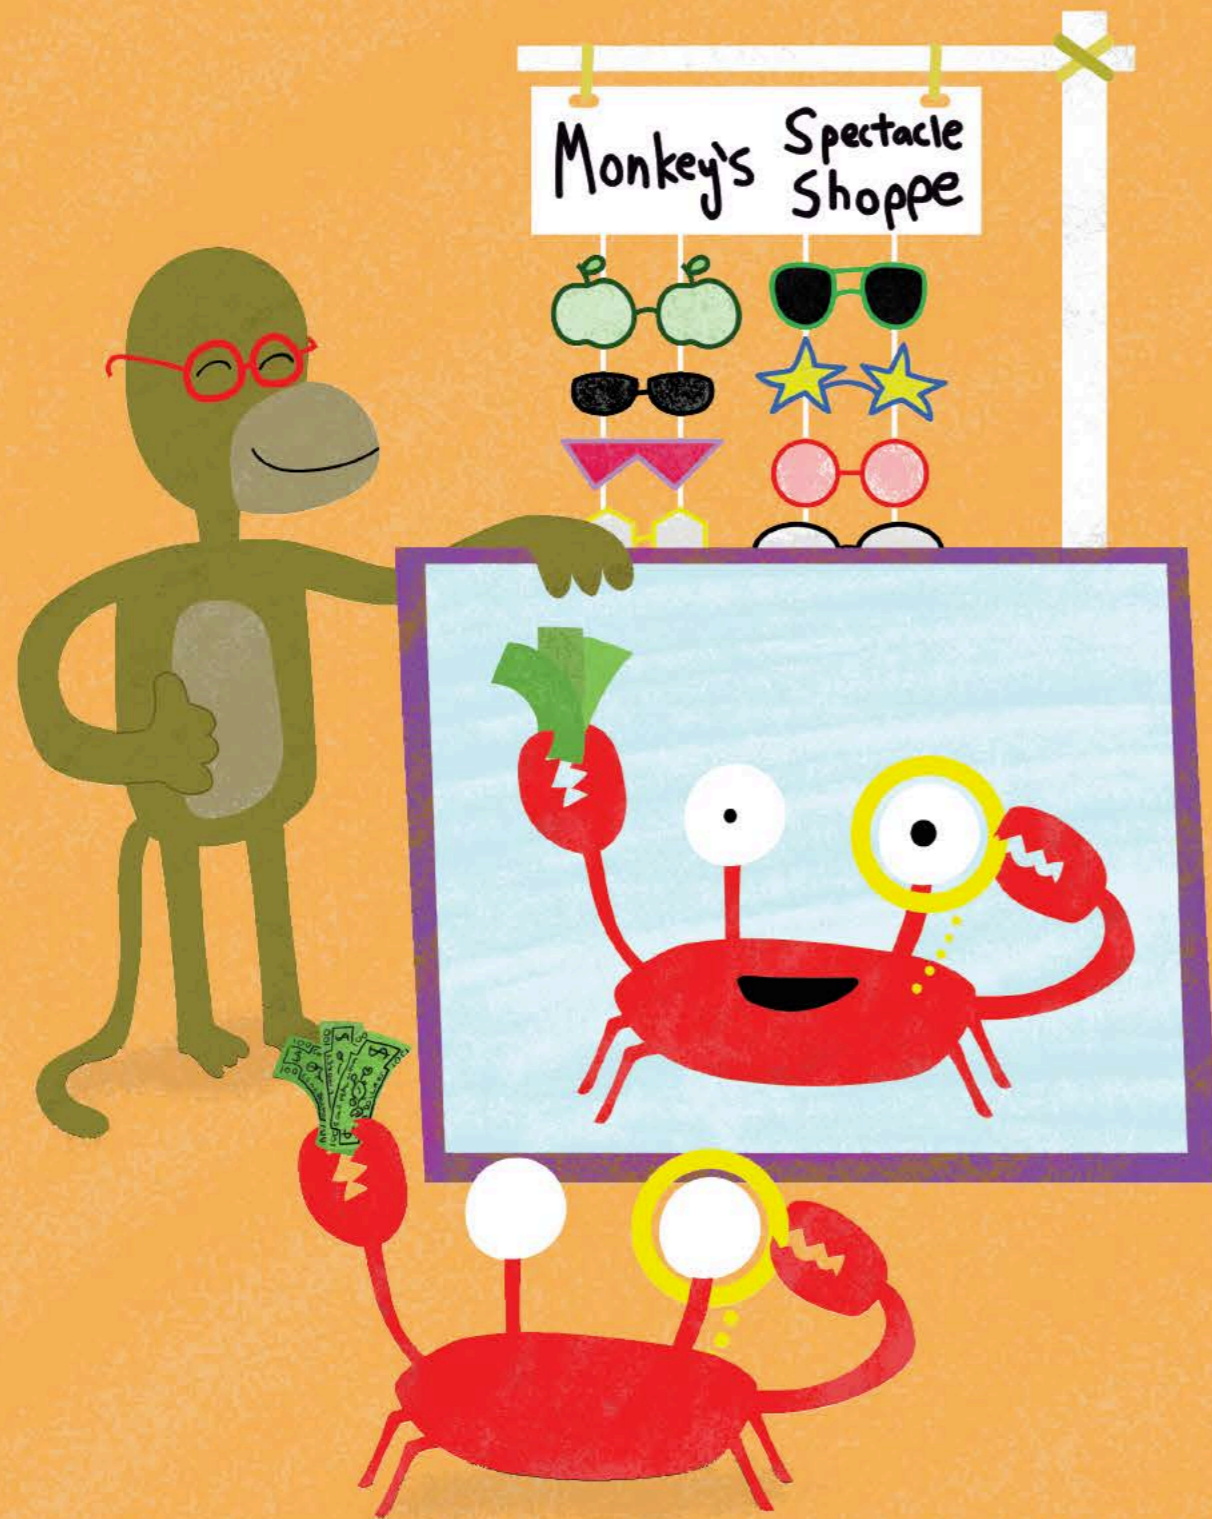

It's my very own form
of currency

and I spent all weekend
making a big pile of hundred
dollar Crab Buck bills.

The best part about my Crab Bucks is that I can spent 'em like real money.

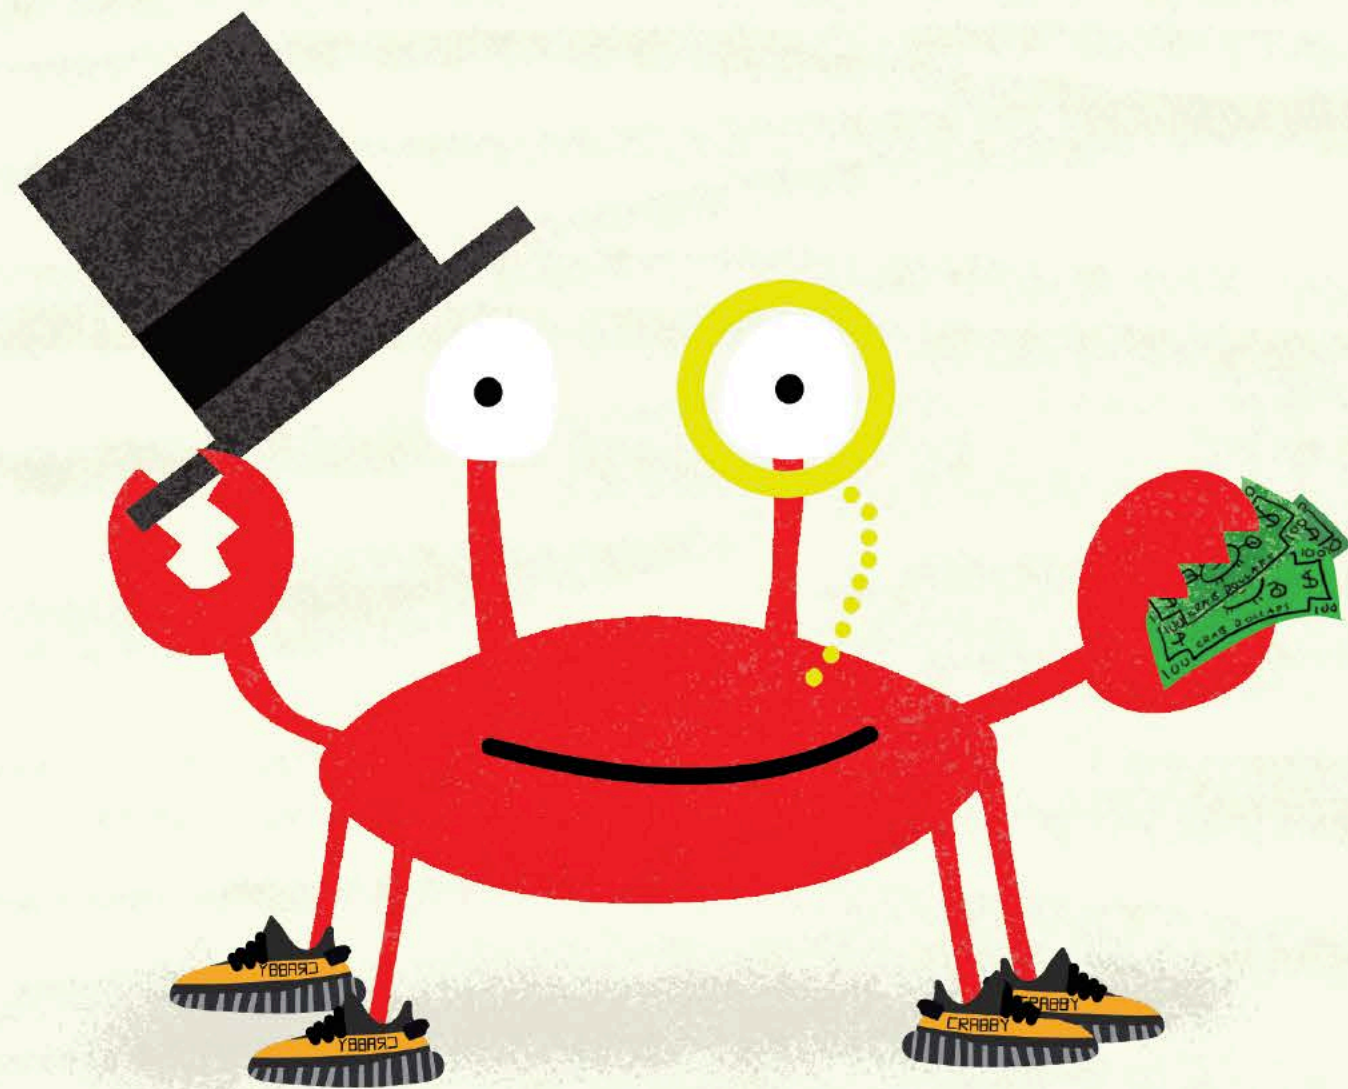

None of the shopkeepers
seemed to notice
the difference

and buying cool stuff
is so much fun!

So that means it's OK!

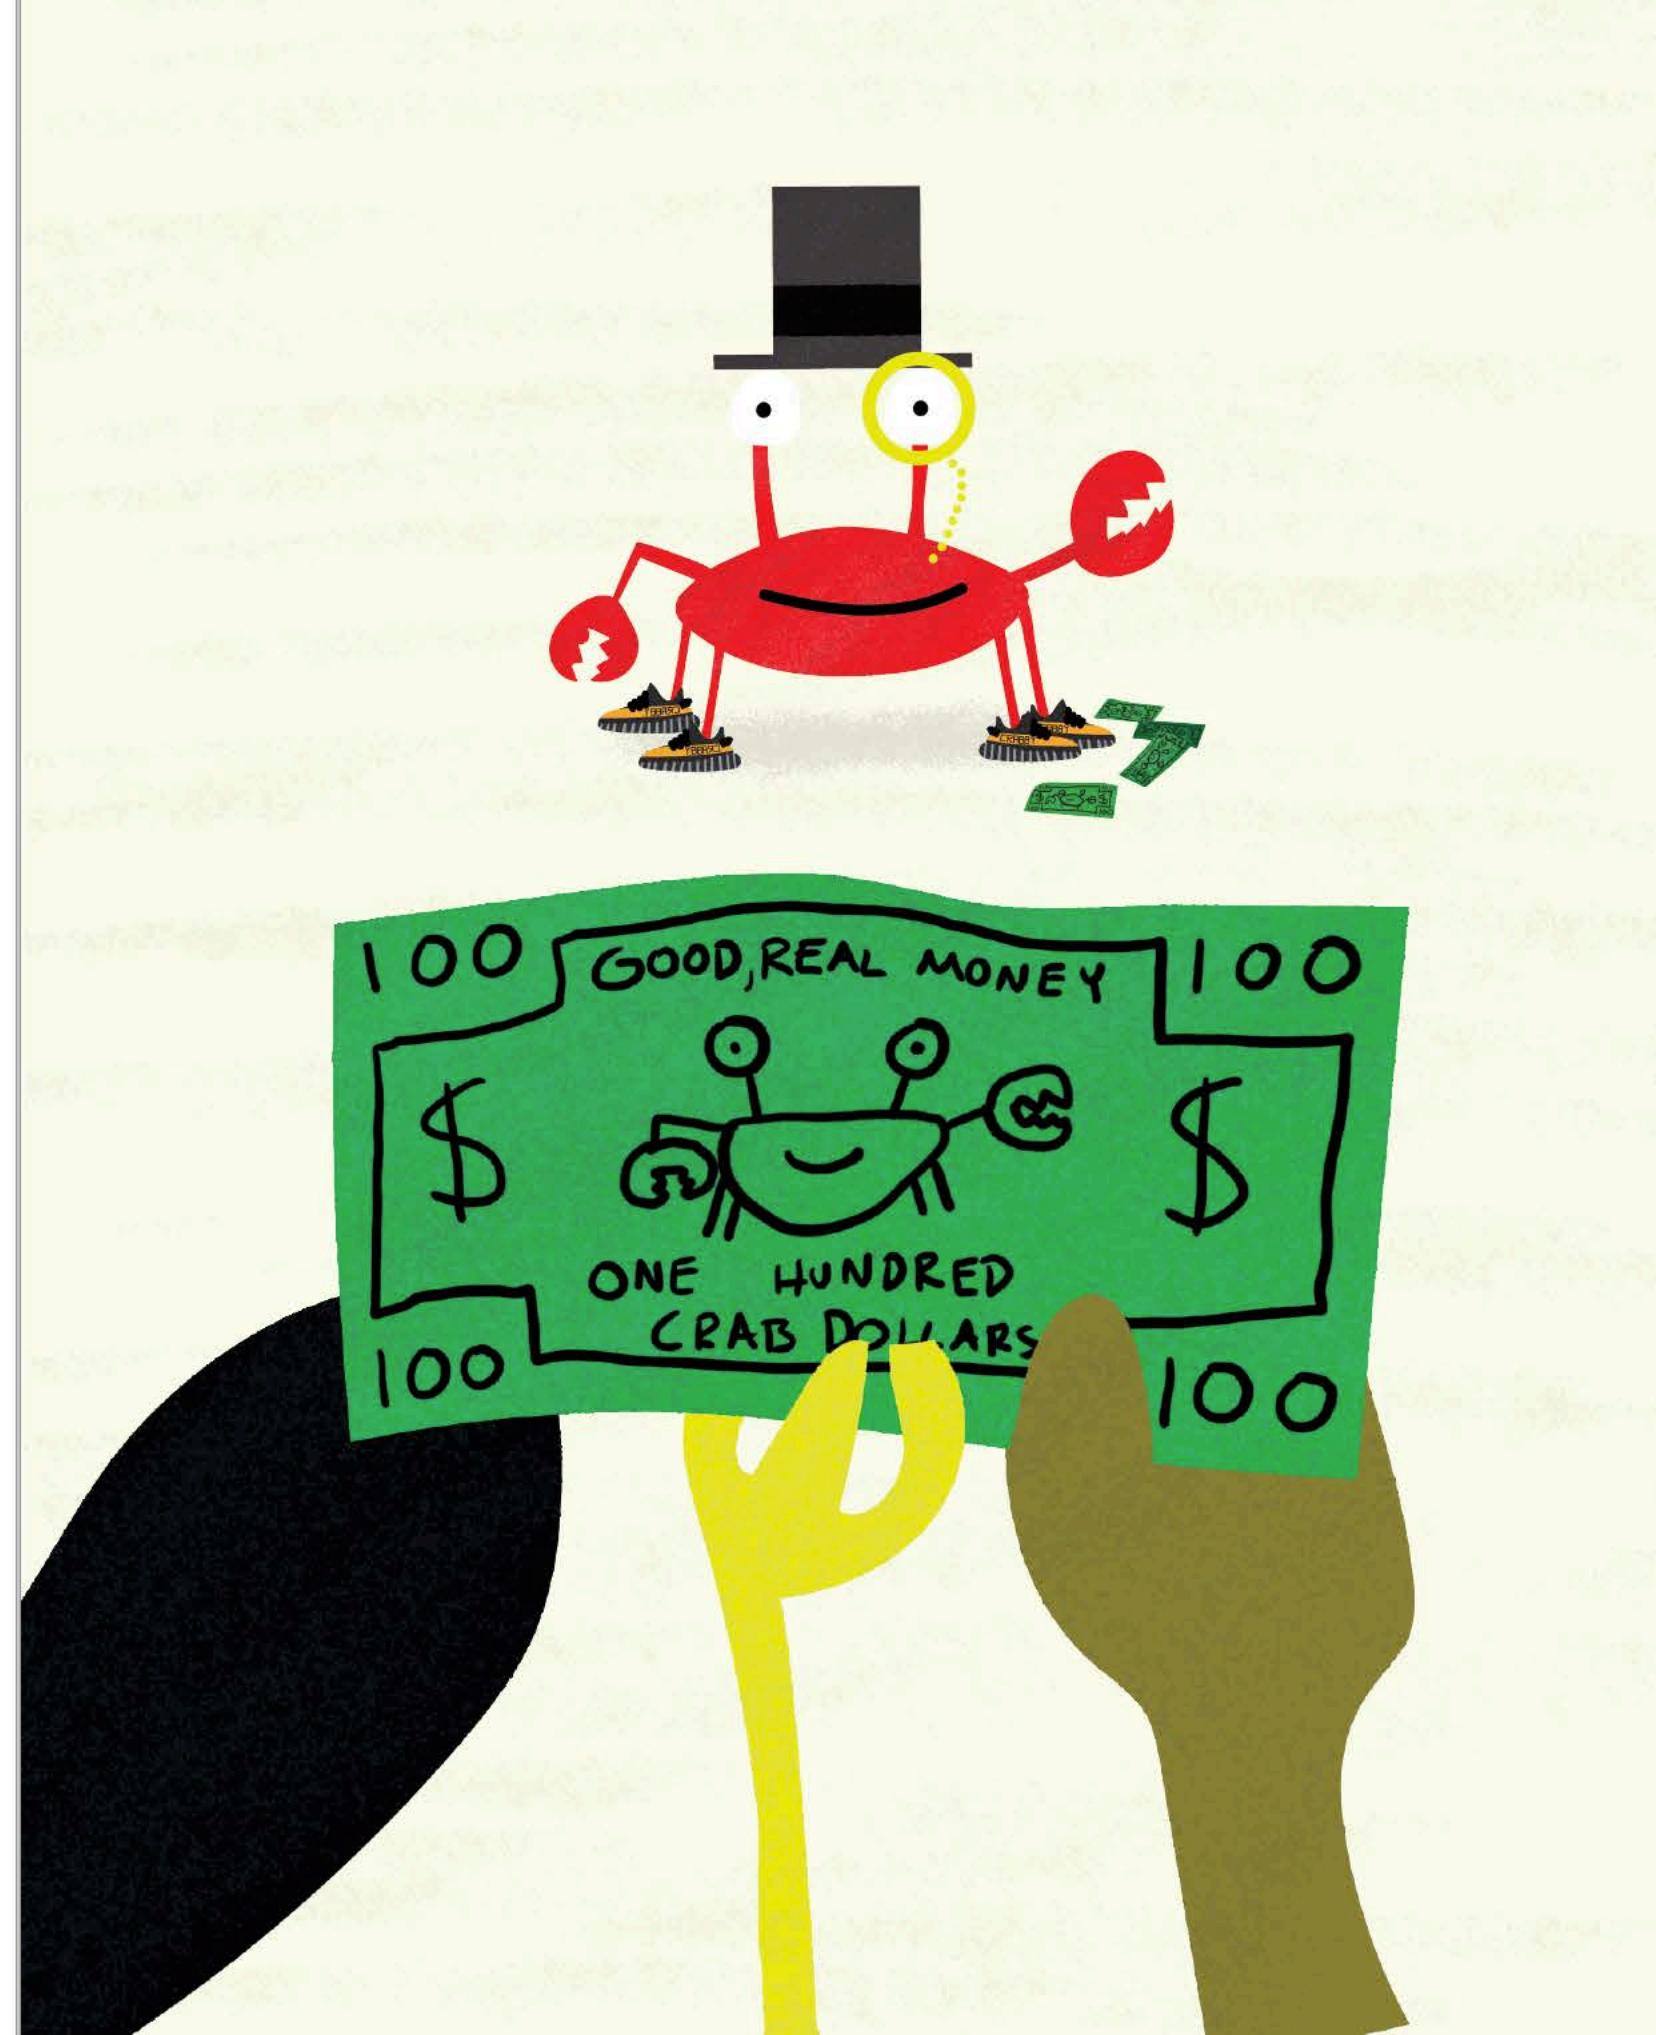

I'm sure they won't mind
even if they *do* notice.

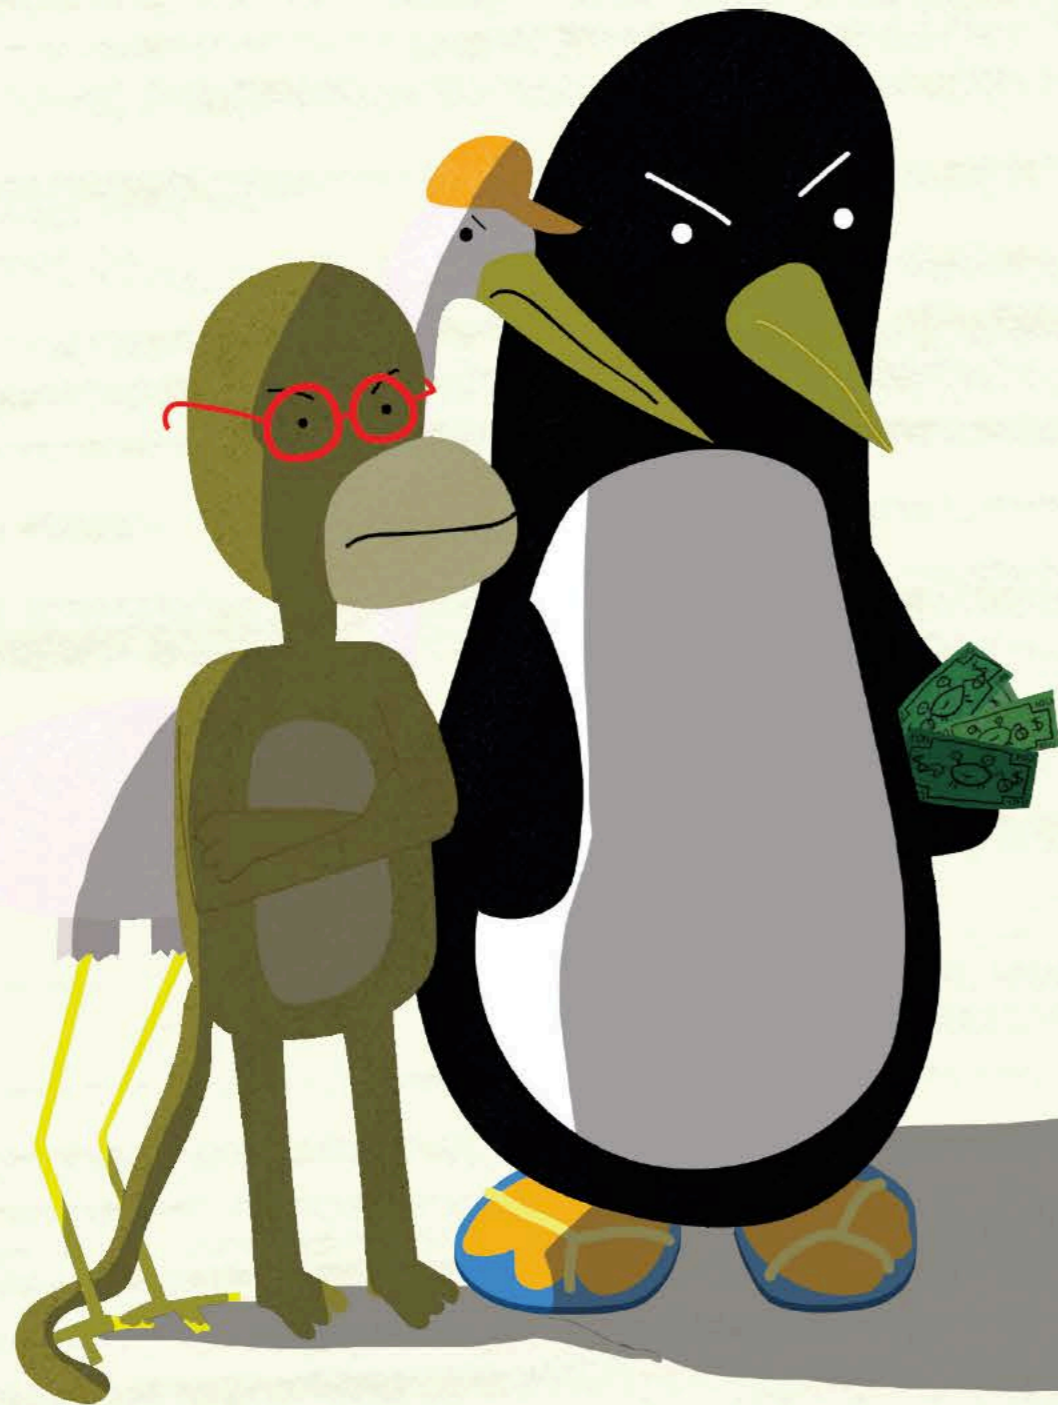

(Which they won't!)

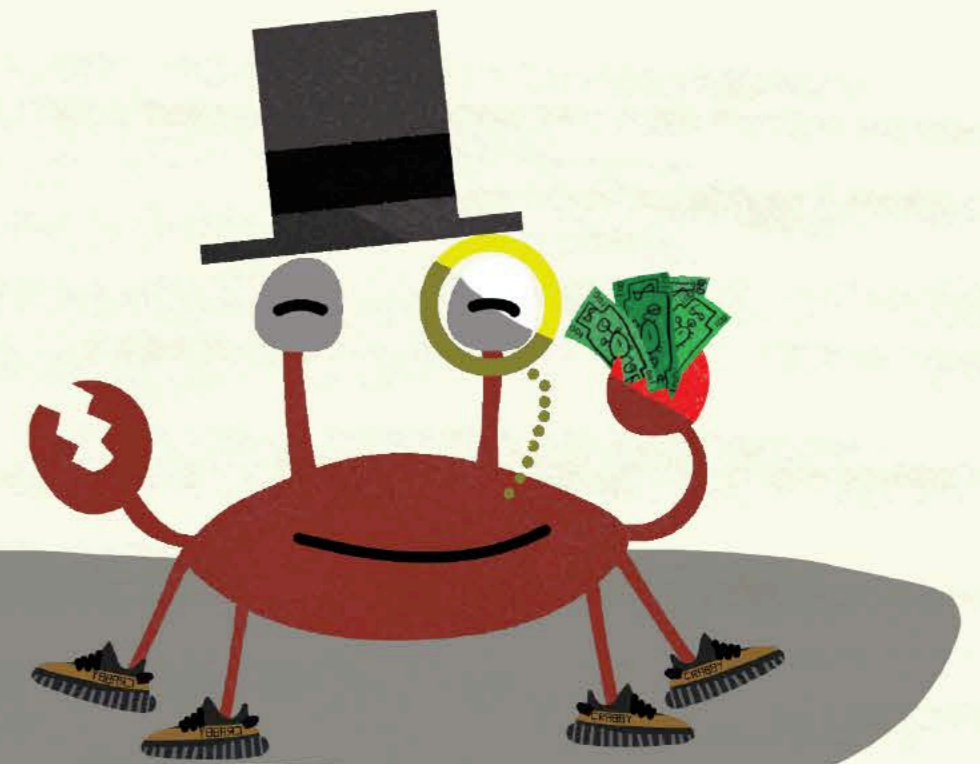

Plus, how would anyone find me even if they did.

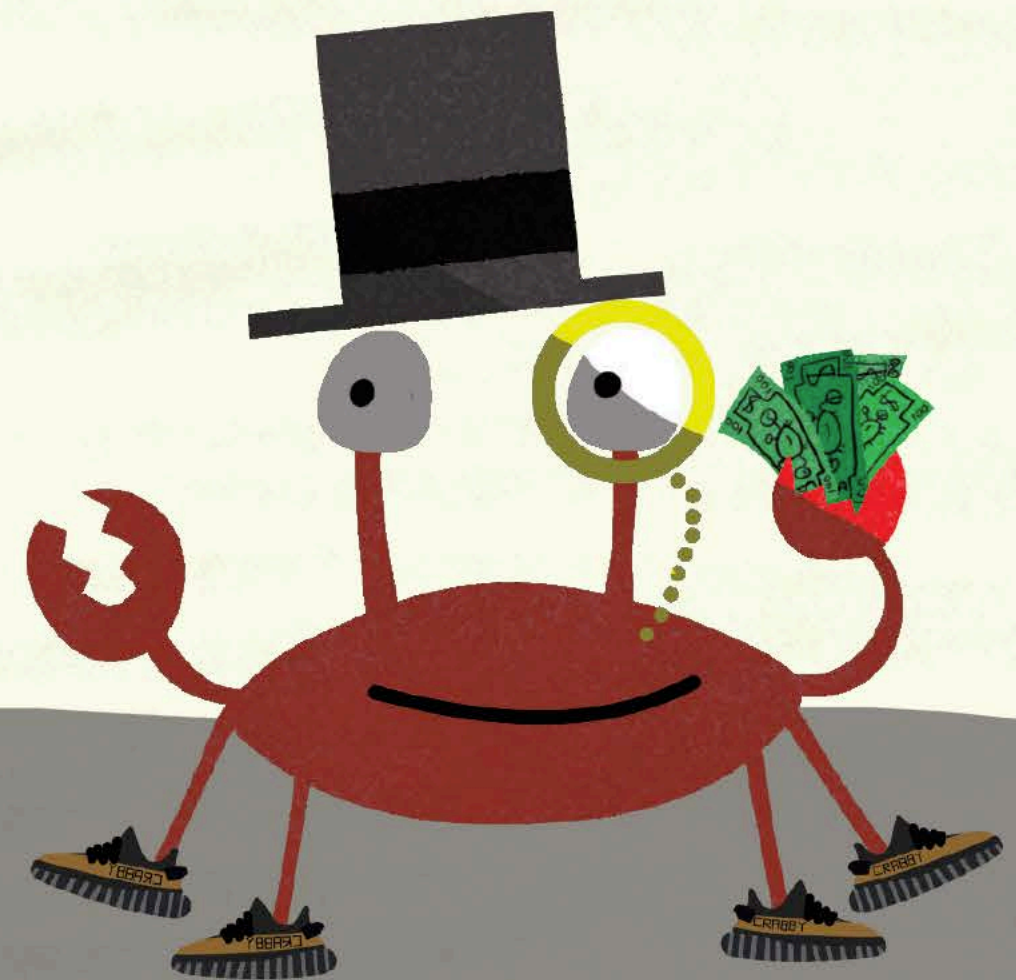

The only thing I have to worry
about is what to buy next -

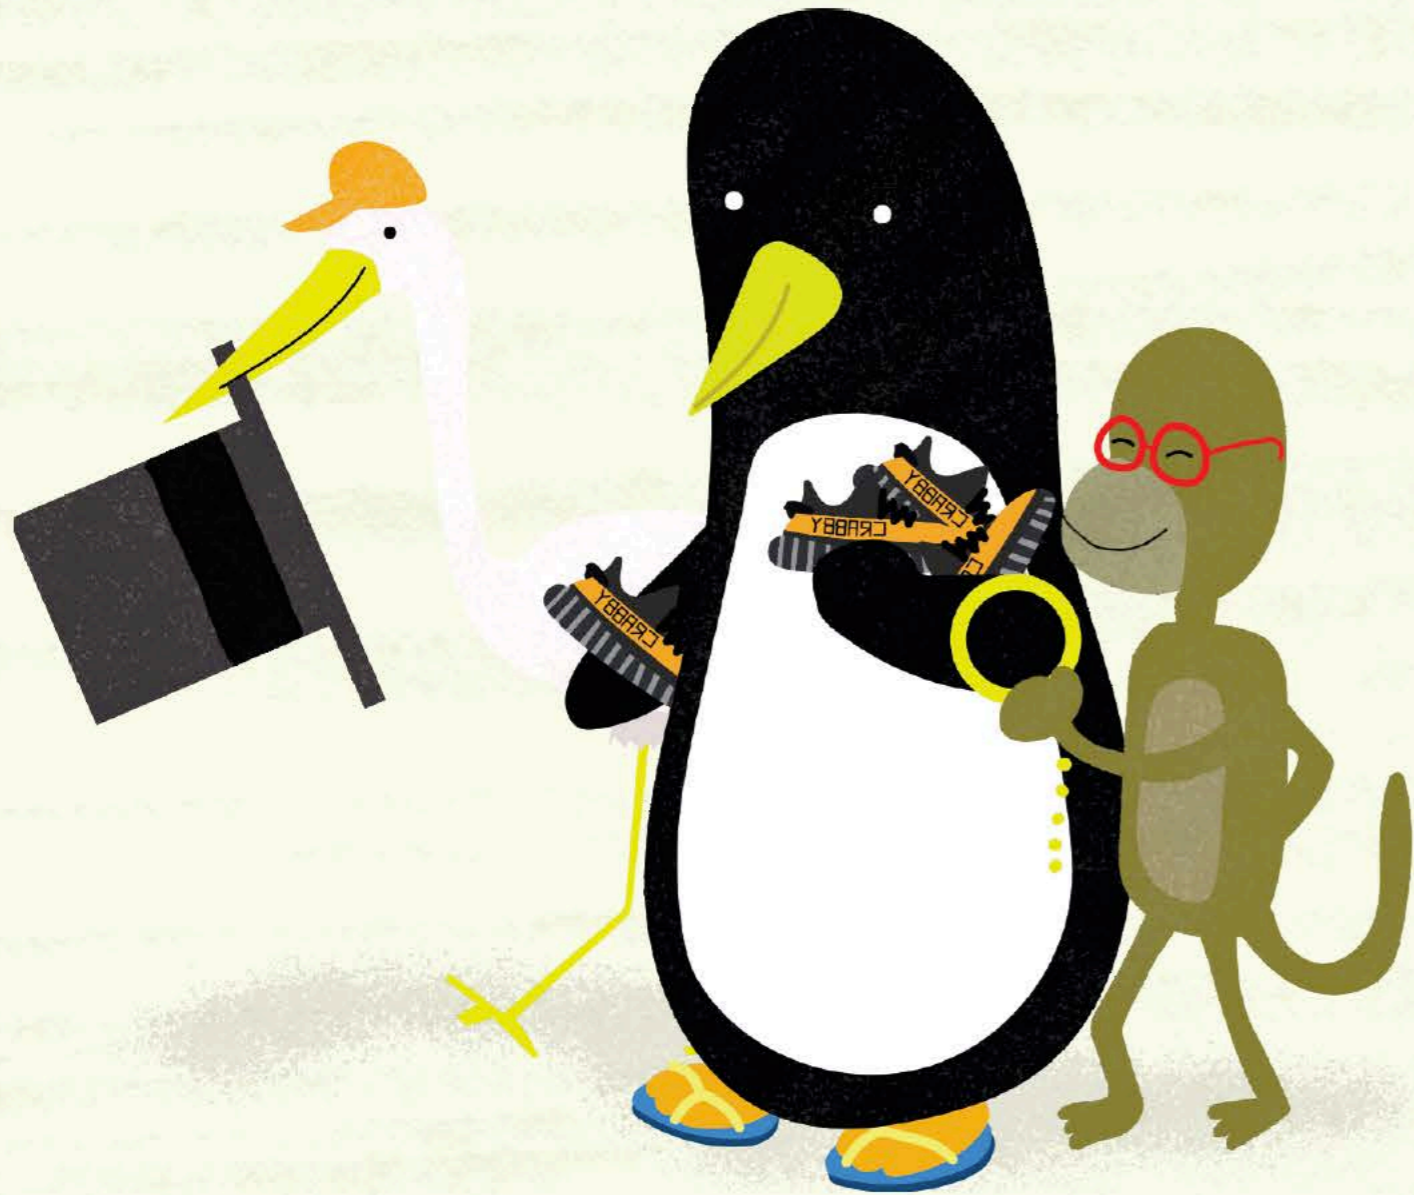

and maybe inflation!

Oh, hey guys!

All my stuff is gone.
It's just me and a big pile of
these worthless Crab Bucks...

I'm rich!
